

### FROM THE OLD FOOD-FARMERS TO THE NEW FOOD-MANERS

Michael Chang, University of Georgia, Department of Architecture, L. Ross Perot School of Architecture, Athens, Georgia, Georgia Tech

Text describing the transition from traditional food production to modern food management.

A large photograph showing an aerial view of a city with a prominent green park area. A hand in a white lab coat is shown pointing at a model of the park's layout, which is overlaid on the city's grid.

### GEREMONIAL AUTO FOOD.

The La Tour Cultural Building | Center Institute of Technology

Text describing the interior layout and design of the Geremonial Auto Food building.

A long wall of display cases containing various informational panels and models. The panels are arranged in a row, each with a different color and design. Some panels feature images of buildings and people. The display cases are made of dark metal frames with glass fronts. To the right of the display cases, there is a staircase with a metal railing.
